V-CLASS

ANYTIME.ANYWHERE.

THE VANTOURER **URBAN** V-CLASS.

Welcome to the new VANTourer Urban based on the Mercedes-Benz V-Class. Experience the high quality interior design with oak wood applications and open visual axis. The VANTourer Urban V-Class offers you all flexibility you need. Thanks to the rail system, you can position the bench seat and table to suit your needs – and together with the swivelling pilot seats, you can create a cosy get-together in no time at all. The rear bench can be removed for even more storage space or converted quickly into an additional bed thanks to the lying surface extension.

Furthermore, the roof of the VANTourer Urban V-Class not only serves as a convenient double bed with a breathtaking view, but it can be folded up for even more head space in the interior.

# COSY-SMART-LIVING.

VITO

The VANTourer Urban based on the Mercedes-Benz Vito is as flexible as your life. The swivelling pilot seats and the rear bench are grouped around the table, which can not only be removed but also flexibly moved in its position thanks to the rail system. To create more storage space, the bench can be removed and thanks to the lying surface extension it is also possible to convert it to an additional bed. The roof of the VANTourer Urban serves as a double bed with a breathtaking view, but can also be folded up if necessary to create additional seating and living space.

# INSIDE-OUT-KITCHEN.

V-CLASS

ANYTIME.ANYWHERE.

THE VANTOURER **URBAN** V-CLASS.

V-Class

What could be nicer than cooking outdoors? Now it's easy with the VANTourer Urban V-Class. The multi-functional kitchen can be removed in just a few easy steps through the sliding door on the side, transforming it into a mobile outdoor kitchen. And the best thing about it is that the gas bottle is in the vehicle and not in the kitchen, which means that the kitchen element can easily be moved around by two people. Enjoy the freedom of cooking outdoors with the VANTourer Urban V-Class!

The new table can also be used outside and set up independently of the kitchen.

V-Class

V-Class

V-Class

There is another practical feature in the kitchenette: a two burner hob with a glass cover that creates additional work space when it is not needed for cooking. The sink is made of stainless steel and the storage compartments in the kitchen cabinet offer enough space for additional kitchen utensils. In addition, the integrated 30 litre cooler is easy to reach and has a digital thermostat with temperature display, so you can always keep your food optimally chilled.

# INSIDE-OUT-KITCHEN.

VITO

A world of delights is waiting to be discovered. Why not cook right outside in a picturesque setting?

In just a few easy steps, you can simply remove the multifunctional kitchen of the VANTourer Urban Vito through the sliding door on the side and turn it into a mobile outdoor kitchen. Then you just have to decide which side of the VANTourer Urban Vito is the chocolate side for you. Because thanks to the additional external sockets, you can set up the kitchen on either the right or the left side of the vehicle. Since the gas bottle is located in the rear of the van and not in the kitchen, the kitchen element can easily be moved by two people.

The additional 12 volt, water and gas connections on the right hand, rear side enable undisturbed culinary enjoyment directly in nature – of course you can also connect your own gas barbecue or an electric cool box there.

ANYTIME. ANYWHERE.

THE VANTOURER **URBAN** VITO.

Another feature in the kitchenette is the two burner hob with practical glass cover for more work space. The stainless steel sink, the shelves for spices, cups and other utensils and the spacious kitchen cabinet always ensure a clean and tidy appearance. The integrated 30 litre cooler is easily accessible and has a digital thermostat with temperature display.

# PERFECT-LITTLE-THINGS.

V-CLASS

ANYTIME.ANYWHERE.

THE VANTOURER **URBAN** V-CLASS.

V-Class

Sometimes it's these little things that make all the difference and turn a holiday into something very special. Enjoy the atmospheric ambient lighting on the side furniture line as well as the functional side wall, where you will find sockets, USB charging sockets and a mesh storage compartment in addition to the onboard control system and the auxiliary heating control. The practical storage compartments with flaps are easily accessible – both from the living area and via the rear. A special highlight is the modern cockpit of the Mercedes-Benz V-Class. High quality workmanship, the leather steering wheel with remote control and the intuitive MBUX multimedia system with large screen make every journey a real pleasure.

V-Class

The VANTourer Urban V-Class surprises with many conveniences such as the practical coat hook rail in the rear and the opaque window curtains for more privacy. The well designed water supply is provided by the 25 litre fresh water underfloor tank, which is easy to fill via the filler opening cleverly integrated into the entry step. The gas supply is provided by a Campingaz R 907 gas bottle, which is housed in a matching cabinet and is easily accessible via the tailgate. There you will also find the standard DEFA cable for connection to shore power.

# PERFECT-LITTLE-THINGS.

VITO

ANYTIME.ANYWHERE.

THE VANTOURER **URBAN** VITO.

It's the little things that make holidays great. Practical and atmospheric details such as the RGB ambient light above the wall units and under the worktop of the kitchenette, which can be dimmed by remote control. On the side wall directly next to the seating group you will find a 12 volt and a 230 volt socket, the onboard control system and the auxiliary heating control. The integrated rail system allows you to position the bench seat individually according to your wishes. Thanks to numerous optional assistance systems such as lane departure warning, blind spot warning and active brake and distance assist, the cockpit in outstanding Mercedes-Benz quality makes even the journey to your holiday destination a pleasure.

The VANTourer Urban is packed with surprising conveniences, such as the tabletop with metal insert on which matching glasses adhere magnetically. The filler neck of the 25 litre fresh water underfloor tank is integrated into the step and thus particularly easy to reach. The gas supply is ensured with a bottle of Campingaz R 907 in the custommade cabinet and is easy to reach via the tailgate. Of course, you can also “fire up” the Urban with shore power instead of the service battery – the corresponding DEFA cable is already included as standard.

VITO AND V-CLASS

ANYTIME.ANYWHERE.

THE VANTOURER **URBAN**.

Vito

Equipped for everything – the VANTourer Urban are flexible all day vehicles and offer enough storage space for small and large sports equipment. After an eventful day, relax in your cosy double bed in the pop-up roof and enjoy the view through the side windows. Two reading lights with USB connection not only supply your mobile devices with power, but also create a cosy atmosphere in your mobile retreat.

# SPACE-FOR-EVERYTHING.

V-CLASS

ANYTIME.ANYWHERE.

THE VANTOURER **URBAN** V-CLASS.

Holiday luggage, sports equipment, supermarket shopping, ... the VANTourer Urban V-Class offers a generous storage volume. Thanks to the removable rear seat, the load area of the VANTourer can be increased enormously. On the camping trip, the recessed storage compartments with flaps and the side mesh compartments in the VANTourer Urban V-Class are convincing as practical and, above all, easily accessible storage space. Especially convenient is the quick access through the rear window of the V-Class, which can be opened separately (option).

# SPACE-FOR-EVERYTHING.

VITO

ANYTIME. ANYWHERE.

THE VANTOURER **URBAN** VITO.

Pack anything you want. Because there's plenty of space in the VANTourer Urban Vito. Whether you're doing a week's shopping or moving – the removable rear bench considerably increases the VANTourer's load area. But even in "camping mode", thanks to the wall units in the rear and integrated into the side wall as well as the storage compartments in the multifunctional kitchen, you will find enough storage space for all your holiday comforts.
