

Fiat-based VANTourer with new kitchen at Caravan Salon 2025

## **Model year 2026: More space. More organization. More everyday life.**

**At this year's Caravan Salon in Düsseldorf, EuroCaravaning is demonstrating how smart van life can be. The focus is on the new 4-zone kitchen in the Fiat-based VANTourer models – developed for everyone who wants to enjoy the freedom of the open road. Just in time for the trade fair, there is also a special highlight.**

**Koblenz.** With the model year 2026, VANTourer is focusing on even greater everyday practicality – and demonstrating just how much functionality can be packed into a compact layout. That's why the Fiat-based VANTourer models feature a new 4-zone kitchen: an energy-saving 90-liter compressor refrigerator with double hinges ensures optimum accessibility – from both inside and outside. The positioning of the refrigerator and clever details such as the large work surface, the pull-out kitchen drawer with trash can, and the practical kitchen roll holder open up completely new possibilities for the VANTourer. "The kitchen was our highlight in the VANTourer Ford," reveals Steffen Gross, Managing Director of EuroCaravaning. "That's why it was clear in our development plan that we wanted to transfer the idea to our main vehicle, the Fiat-based VANTourer."

Also new on board: the standard soft-close drawers and the open viewing angle – for a particularly airy feeling of space. "Our aim is maximum everyday practicality, and we will continue to pursue this consistently in 2026," emphasizes Gross. "The new 4-zone kitchen combines well-thought-out solutions with real added value – on tour and in everyday life." In addition to the kitchen, VANTourer remains true to its core elements and offers the maximum amount of space in the rear storage area as usual. With the new, optional outdoor shower in the rear, bicycles, strollers, or your four-legged friend's paws can now be cleaned quickly and easily.

### **A special highlight in Hall 12**

In addition to its inner values, VANTourer also sets new visual accents: In Hall 12, Stand B01, the VANTourer in the Wild Edition in attractive colors will celebrate its premiere at the Caravan Salon – a real highlight for visitors.

### **Caravan Salon Düsseldorf**

August 29 to September 7, 2025

Booth B01, Hall 12
