

Highlight at the Caravan Salon

## **The Wild Edition in VANTourer Orange**

**Back in spring, EuroCaravaning introduced a new, exclusive upgrade with off-road styling thanks to the limited-edition VANTourer Wild Package. Now, the wild VANTourer is shining in striking VANTourer Orange for the first time at the Caravan Salon at the Düsseldorf trade fair grounds.**

**Koblenz.** Things are getting wild at VANTourer: visitors to the Caravan Salon can experience the Wild Edition live for the first time in Hall 12 at the EuroCaravaning stand B01. The model impresses thanks to its well-proven off-road features, such as black 18-inch lightweight aluminium rims with AT off-road tyres, black wheel bolts and personal protection bars, fender extensions on the front and rear axles, and customised foiling. Its VANTourer Orange paint finish also makes a bold visual statement. The attractive color not only transforms the model into an eye-catcher, but also gives the show car a dynamic, adventurous character – wild on the outside, strong on the inside.

### **New look, new adventure**

With the model year 2026, the Wild Edition also features the latest innovations from the VANTourer series. It benefits from clever enhancements such as the new 4-zone kitchen and open viewing angle, which provide even greater everyday practicality and an airy feeling of space. As a special highlight, the Wild Edition package will be listed as an option for €4,490 in the VANTourer price list.

More information about the Wild Package is available here: <https://www.vantourer.de/wild-edition>
